NOTES																			
1	Segmentation consistent w that reviewed and approved by Highlands County P&Z and County Commission																		
2	Source: Highlands County Capital Financial Strategy FY 12-13																		
3	If multiple volumes on a link, highest value was used; "NA" indicates that a count is needed in order to establish available capacity																		
4	Volume interpolated or duplicated from adjacent count(s), or from an older count year (2008,2009 or 2010)																		
5	Annual growth rate = 1.07% (based on medium BEBR pop projections)																		
6	Standardized K factor based on FDOT recommendations (issue paper 2/11)																		
7	Service Volumes based on FDOT Generalized Volumes (12/18/12)																		
	Column numbers in red are locked and are not for editing																		
	Column numbers in blue are locked and contain formulas																		
	Column numbers in green are unlocked and can be edited by Highlands County staff, or used by applicant in concurrency determinator																		
	Rows with segments highlighted in red to be discussed w Highlands County for inclusion																		
	This RND contains the same road link segmentation as the Oct 2013 version and represents the final approved RND segmentator
