

# Construction Waste

In order to obtain a building permit for the construction of any structure, the applicant shall indicate the method of collection and disposal of all construction waste as required by the Highlands County Solid Waste Collection, Disposal and Assessment Ordinance, Chapter 8.5 of the Code of Ordinances, Highlands County, FL.

1. Name \_\_\_\_\_  
Address \_\_\_\_\_
2. Address of property if different from the above: \_\_\_\_\_
3. Strap Number of Construction Property: C-\_\_\_\_-\_\_\_\_-\_\_\_\_-\_\_\_\_-\_\_\_\_-\_\_\_\_.
4. The proposed method of removal of Construction Waste:
  - a. Applicant will contract with a certified collector to collect and properly dispose of all Construction Waste generated. Name of collector: \_\_\_\_\_
  - b. Applicant will provide for the collection, recycling or disposal of construction and demolition debris at a authorized solid waste landfill using equipment that is acceptable to the County. Description of equipment: \_\_\_\_\_

No building permits shall be issued by the Highlands County Building Department until one of the above alternatives has been selected by the applicant.

I understand that I must submit the interim collection fee for mandatory garbage collection at time of permitting as well as the weight tickets and/or verification from a certified collector prior to a final inspection that the construction waste was delivered to a authorized solid waste landfill.
