

# TUG<sup>(1)</sup> or Pre-Power Application and Agreement

Date \_\_\_\_\_

Permit # \_\_\_\_\_

Project Address \_\_\_\_\_

Application for:  TUG  Pre-Power

## Applicant's Statement:

In consideration for authorizing the appropriate utility company to energize the facility; we agree to and understand the following:

1. This Tug/Pre-power application is valid for one-and two-family dwellings only.
2. Approval is valid for a maximum of 180 days from the date of application.
3. The building will not be occupied until certificate of occupancy has been issued. I/We understand that if the building is occupied before a certificate of occupancy has been issued the Building Official will have the right to direct the utility to terminate electrical service without notice. Furthermore, I/We understand and agree that should the Building Official exercise such right, Highlands County will not be responsible for any damage or cost which may result from the exercise of such right. Also, in the event any third party claims damage from the exercise of such right, I/We agree to jointly and individually indemnify and hold harmless the Highlands County Building Department from all such damages and cost, including attorney's fees.
4. Prior to pre-power, the building or structure shall be weather-tight and secure. The electric wiring in the area designated for pre-power shall be in safe order. All electric services associated with the area will be 100% complete unless specifically approved by the electrical inspector.
5. Interior electric rooms shall be lockable; if electric panels are in an area that cannot be locked by doors, the panel shall be equipped with a locking mechanism (approved by the Building Official). The licensed electrical contractor or his licensed representative shall hold the keys for such access to electrical panels to prevent energizing circuits other than those that are safe.
6. **TUG approval is for service and temporary construction power only.**

## Requirements for TUG and Pre-Power Inspections

Available for One- and Two-Family Dwellings Only
